BIC REPUBLICAN DEMONSTRATION.

Philadelphia Has a Great Time on the Eve of the Convention.

CHOICE OF COMMITTEEMEN.

Western States Name Men to Bepresent Them in the Convention Proceedings.

[Early Dispatches.] Philadelphia, June 18 .- Five miles of clubs, mounted, on foot, by coach, floats and in carriages, interspersed with music, red fire and cake walk, is the shortest way of describing the turnout of political clubs tonight. The police had prepared for the demonstration by roping Broad street early in the afternoon. It was a wise forethought, for before dusk Phtladelphia's appropriately named thoroughfare was a mass of humanity and it has been many years since the police of the city have been called upon to handle such banks of humanity as lined the route of the parade. Visitors from cities where the police have great crowds to handle were profuse in their praise of

philadelphia's police tonight.

An amusing feature of the parade and, by the way, an innovation, was an interlarded cake walk in the column, The characters were colored men, wo-men and children attired in costume more attractive by torches and

red fire.

In the prearrangement of tonight's parade it had been decided in spite of an expressed sentiment by many of the clubs to permit nothing in the line antagonistic to civil service. There were, however, two violations of the order. On one transparency, mounted on a wagon was the motto, "The civil service law disqualifies all over the age of 45." On another, carried by a club on foot, on another, carried by a club on foot, has this: "We are opposed to the civil ervice law because it is un-American." The only demonstration in the line in The only demonstration in the line in behalf of vice presidential candidates was the display by one club of twenty streamers, on which "Dolliver" was painted in big letters.

The parade was divided into eight divisions, in which were more than eighty clubs and about twenty visiting politicals are income.

OVER A MILLION DOLLARS.

Loss Includes Chief Buildings of the Town-Dynamite Used to Check the Flames.

[Early Dispatches.] Bloomington, Ill., June 19 .- Fire that was discovered at 12:30 this morning, and entailed a loss that is estimated at over one million dollars. Word was sent to Peorla and Springfield to send engines. As every effort to check the flames proved futile, the blowing up of buildings with dynamite was resorted to, after the fire had been raging three and a half hours.

A strong east wind prevailed which made the work of the firemen extremely difficult. The burned district included some of the handsomest buildings in the city.

Among the buildings destroyed and some of the losses are the following: Greishelm building and stock of clothing, \$100,000; Cole Brothers, dry goods, \$75,000; Stephen Smith & Sons, dry goods, \$75,000; Klemm, dry goods, \$100,000; Minerva block and stock, \$100,-000, The Phoenix hotel, \$30,000; Windsor hotel, \$75,000; George Brown & Co., furniture; R. Thompson & Co., furniture; Mysers & Mils, hardware, and the

court house.

Later.—Forty to fifty business houses were burned out. The court house, which was entirely destroyed, cost \$400,gine and hose cart with full complement of men from Peoria, and also a like outfit from Springfield, arrived about 6 a.m. They were greeted with cheers by the multitudes on the streets. The pumps at the waterworks seriously two hours after the fire broke out and the supply of water was inade-quate. The wind has died down and there is now some hope of checking the

The entire loss is now estimated at nearly \$2,000,000. Two firemen are missing, and are pos

sibly in the ruins. The burned district covers an area of five blocks. Robert Louis Schmitt, aged 19, died at 4:30 a.m. from shock occasioned by the noise of the explosion of dynamite. He was a sufferer from heart disease.

Funny Ball Game at the 'Varsity Campus Yesterday.

BANKERS AND RIO GRANDES

Will Play an Exhibition Game This Afternoon-Bicycle Races Tonight -The Eastern Leagues

The most amusing game of baseball played here this season was the contest yesterday between the Alumni and faculty of the University, with Senator J. L. Rawlins as umpire. Only five in-nings were played, but each one contained enough funny features to make up for any amount of brilliant playing. The Alumni won by a score of 24 to 20, and everybody was pleased with the hard fought battle.

After the game there were some foot races, Nelson Dickerman, of the sophomore class defeating Will Ray, of the class of 1900, and Prof. Byron Cummings of the faculty, and also winning a fifty yard dash. Ray beat Dickerman in 220 yard hurdle race, and Prof. Cummings wound up by beating Dickerman in a similar event.
